DICKSON STORY

Dickson Furniture Manufacturers has been producing some of the best furniture on the market since 1976. Unlike many in the industry, we make our furniture in-house in the USA. We design, engineer, and build it ourselves at our facility in Houston, Texas.

Whether you are interested in an item from our running lines or want a unique piece just for you, Dickson is here to help. We can also customize one of our existing designs to fit your style. From custom pieces to our own designs, you can trust that the furniture you receive will be durable, safe, and built with high-quality materials.

Dickson Furniture Manufacturers services the hotel hospitality, corporate housing, off-campus student housing, and other multi-family housing sectors with quality, cost-effective, design-engineered furniture made to the customer's design-intent and fabricated in the Lone-Star State.

Thank you for supporting American jobs!
